Message from the President

Hi all

Well the strip is drying out nicely and now that I have mowed it for the third time its nice and level.

Just to let you all know we have had a very wet winter and that means lots of bugs which brings out frogs and when there is frogs there will be heaps of snakes so if you are going in the paddocks or in the longer grass keep an eye out where you are stepping.

We had a great turn out this weekend 24-10-2010, we sold all the food if we keep going this way we will have to buy a bit more.

I noticed that the pot belly stove is being put in a big thanks to les.

I did notice a few flyers flying their planes over their heads, you need to keep them away from the pits area thanks guys.

The big cubs looked great as well on the weekend, hope you sort out your engine troubles Fella's.

Anyway safe flying and keep your fingers out of those prop's (GF).

Thanks Brian.

Club Meeting Brief, held at Bittern fire station, Tue 12th October, 2010

A sponsorship proposal for Marrand Engineering is completed, and was presented at the meeting. S.Gray and B.Holmes to make arrangements to pay marrand a visit to present the proposal.

There has been more dog issues at the field. Dogs are now NOT permitted beyond the car park into the covered area, or field.

The proposal made at previous meetings by G. Zerby for a "no badge, no fly" rule was withdrawn. Although the committee urged all members to wear their name badges anyway. Gary mentioned that some unfriendly comments were made to him about his proposal, and the committee wish to make it clear that any such action in future will not be tolerated.

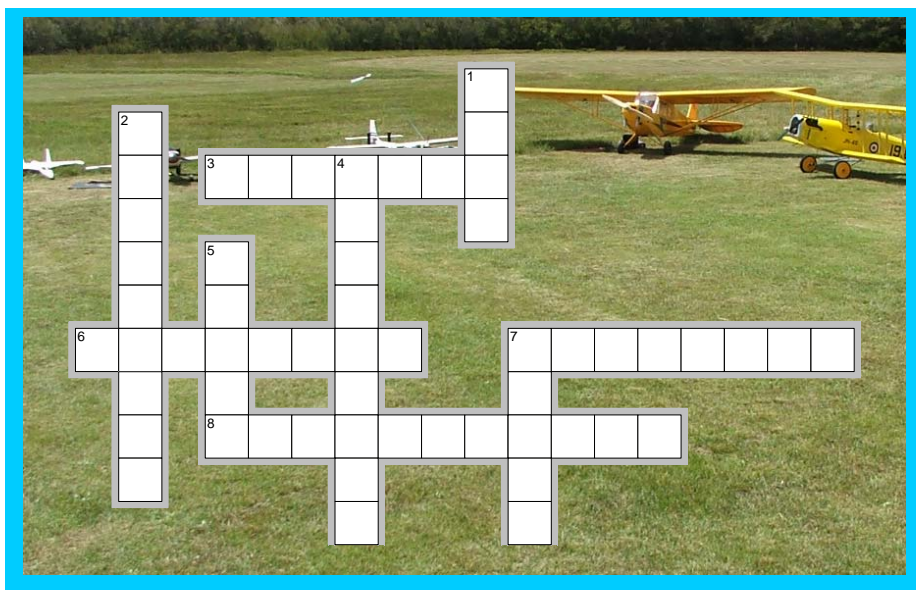

J. Bentley mentioned that our original artwork for the club logo was probably still in file with Lucas Productions, who were involved with our official badges in the past.

Working bee is planned for Sunday Oct 31st, to do finish off the pavers.

Next meeting to be held Tue Nov 9th, 7:30pm at Bittern Fire Brigade.

Riddlers Crossword

Solution will be published in next months newsletter. See the below for last month's solution.

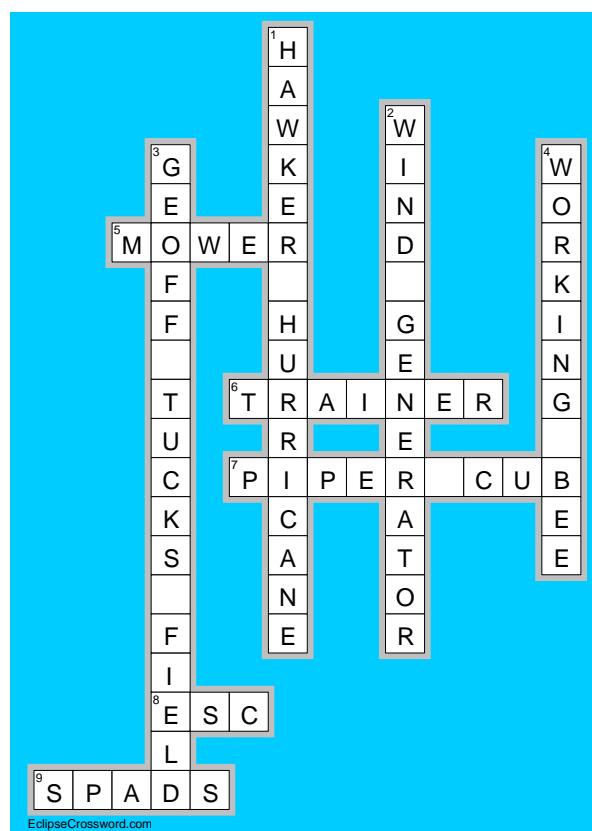

Across

3. Me.
6. We need these to dog fight
7. There are a few large models of this plane at the club
8. Matt, Brian, Alister and Andrew love doing this

Down

1. Mr Newman love thses planes
2. We put our servo's in these when in the plane
4. You find these in a lot of foamy jets
5. Should use this bend on all control arms
7. We look at this when choosing a prop

Here is last month's solution to the riddlers crossword.

Newsletter Submissions

Articles by members for publication are welcome and encouraged. Please contribute something so that others can benefit from your experiences. It is preferred that they be submitted electronically (via email) to editor@wpmac.com.au, but as it would be real nice to get some input from members who haven't done so, I will take anything - even your screwed up photos or whatever. Remember, this is YOUR newsletter - please contribute to help make it a better publication!

Thanks to Brian Holmes, Riley Maxa and the Riddler for contributions to this months newsletter.
