## NEW WORLD LONG DISTANCE RECORD

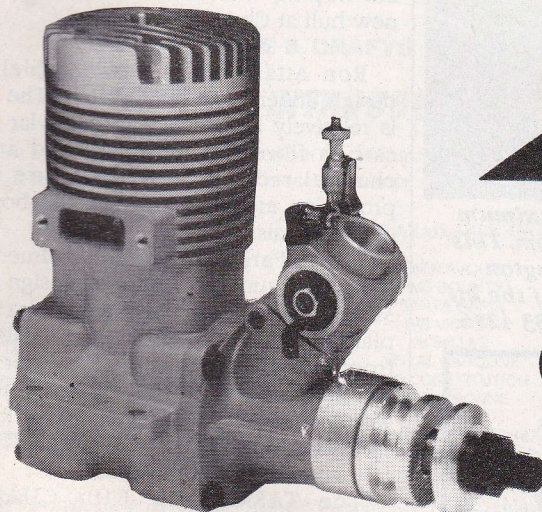

*The world record team L-R: Michael Bayer, John Bentley (kneeling), pilot Peter Garoni, Geoff Tuck and Brian Berg (kneeling).*

A team of five modellers recently returned from the Nullabor Plain after successfully smashing the world long distance record for RC aircraft.

Pilot, Peter Garoni flew his seven foot span aircraft well in excess of the previous record of 455.28 Km. A full report will be in the next issue of Airborne.
